Services Provided by the MHCC in 2004

Medical Visits:

1429 patient encounters by volunteer professional care providers were accomplished.

Estimated value of medical visits \$102,888.00

Referrals to medical specialists for surgeries, etc. performed at reduced cost or on a pro bono basis are not included.

Pharmacy Services:

The MHCC pharmacy filled prescriptions written by practitioners for clinic patients. Medication assistance for clinic patients and low-income persons on Medicare was provided through our Medication Assistance programs.

Total value of medicine dispensed \$2,350,815.00

Laboratory and X-Ray:

The Baxter Regional Medical Center provided lab and X-ray services through the MHCC.

Estimated value of services performed \$45,000.00

Optical Services:

The MHCC provided eye examinations and eyeglasses to 109 persons.

Estimated value of eye examinations and glasses provided \$31,525.00

Dental Services:

The dental program of the MHCC provided emergency dental services to 338 persons.

Estimated value of dental services provided \$50,700.00

Total Value of Services Provided in 2004: \$2,580,928

Value of support, counseling, and personal involvement: Invaluable

Because we are a volunteer ministry, the MHCC was able to provide these services in 2004 with an operating expenditure of about \$131,000. Said another way each \$1.00 entrusted to the MHCC has been multiplied to provide services and medications to persons in need valued at more than \$19.70.
